## Teacher as a Leader

Quick Look: Call our office (828-298-2488) to bring this program to your school system.

### OVERVIEW

Without a doubt, we believe the most empowering developmental processes are those that focus on leadership and the training of the mind and emotions. This program will do just that!

For more information download the EducationWorks brochure, containing an overview of the “Teacher as Leader” program.

### OBJECTIVES

- Recognize the different motivating and sabotaging behaviors related to style.
- Deal with conflict in a positive and healthy manner, always ending up in the best of your LeaderSelf.
- Decrease punishment as a means of control and motivation.
- Create exceptional instructional plans.
- Motivate others.
- Create a foundation of behavior that results in highly effective classroom management practices.
- Develop classroom leadership skills that results in higher performance and student commitment.
- Gain leadership skills necessary to lead complex learning groups.
