Leading With Integrity

Quick Look: 2-day program / \$895.00 until March / Can be customized

OVERVIEW

The absence of integrity penetrates the core of our social, political, professional, and family lives. The absence of trust and the failure to develop, nurture, and repair relationships disrupts workplace environments and relationships. The corporate scandals that have severely weakened the economic stability of this country reveal the dark side of business in America, accounting for the loss of security and well-being for thousands.

This program is designed to look at different stages of integrity and the natural results of each stage. Based upon the work of Ron Smotherman, M.D., this program provides clear descriptions and identifiable characteristics of each stage, as well as suggestions and strategies for moving up the ladder into higher levels of responsibility, performance, and organizational innovation.
